AEPP welcomes submissions related to the economics of public policy themes associated with agriculture; animal, plant, and human health; energy; environment; food and consumer behavior; international development; natural hazards; natural resources; population and migration; and regional and rural development.

Two categories of articles are published in AEPP, Featured Articles and Submitted Articles. Featured Articles are solicited by the editors and members of the editorial board. In addition, we welcome proposals from authors for Featured Articles (two-to-three papers), mini-Special Issues composed of Featured Articles (four-to-seven papers), or Special Issues composed of Featured Articles (eight or more papers).

## Call for Proposals

### AEPP Special Issue: Food Prices and Forecasting

Deadline for proposals: May 15, 2025

#### APPLIED ECONOMIC PERSPECTIVES AND POLICY

Volume 43 Number 3 September 2019

**FEATURE ARTICLE**  
The Farming the Right Way Initiative defines  
sustainable agriculture. However, how to define sustainable and local food  
is a challenge. Sustainable agriculture, including its relationship with the  
local food movement, is a complex issue.  
Foster integration of education, consumer preferences, and the domestic  
market for local food.  
The 2019 AAEA Policy Symposium  
examines the role of policy in shaping a sustainable future.  
Sustainable agriculture is a complex issue, and the AAEA Policy Symposium  
examines the role of policy in shaping a sustainable future.
