

Influence of Hawk-Eye System on Football Development

LI Zhi-zhong¹, LIN Bo-ping², ZHANG Zhi¹ (1.Teaching and Research Section of Football, Guangzhou Sport University, Guangzhou 510500, China; 2. Research Centre of Sports Social Science, Guangzhou Sport University, Guangzhou 510500, China)

Football game is popular all over the world. For now, it already was all the rage the world. However, the mistaken sanctions and missed sanctions occurred in the 2010 World Cup in South Africa made people's voice of introducing hawk-eye system in football game get higher and higher. This paper mainly discussed that the influence of introducing hawk-eye system in football games on football development. The benefits of using hawk-eye system were to bring a brand-new revolution for football, to make sure of the justice of competitions, to play backwards the techniques and scenes, and to precisely provide the data for analysis. The negative implications caused by hawk-eye system included making human nature lose, interfering with the football athletes' feelings in the competition, destroying competition consistency, forfeiting the charm of football itself, etc.
