### Metadata

**Abstract:** This paper provides a state-of-the-art survey of applications of multi-objective evolutionary algorithms in economics and finance reported in the specialized literature. A taxonomy of applications within this area is proposed, and a brief review of the most representative research reported to date is then provided. In the final part of the paper, some potential paths for future research within this area are identified.

**Published in:** 2007 IEEE Congress on Evolutionary Computation

**Date of Conference:** 25-28 September 2007

**INSPEC Accession Number:** 9889573

**Date Added to IEEE Xplore:** 07 January 2008 **DOI:** 10.1109/CEC.2007.4424516
