## Biographies

**Neil Fligstein** is the Class of 1939 Chancellor's Professor in the Department of Sociology at the University of California. He has made research contributions to the fields of economic sociology, organizational theory, political sociology, and social stratification. He is the author of seven books, including *The Transformation of Corporate Control* (Harvard University Press 1993), *The Architecture of Markets* (Princeton University Press 2001), *Euroclash* (Oxford University Press 2008), and *A Theory of Fields* (with Doug McAdam, Oxford University Press 2012). He is currently working on a book about the financial crisis.

**Jonah Stuart Brundage** is a PhD candidate in the Department of Sociology at the University of California-Berkeley. His research interests include historical and comparative sociology, political sociology, and economic sociology. He is currently writing a dissertation on French and British diplomacy and their relation to the emergence of modern states and geopolitics.

**Michael Schultz** is a Postdoctoral Research Associate at SONIC at Northwestern University. His research interests include social psychology, social networks, and nonparametric statistics. His current research looks at individual consumption and lifestyle behaviors within economic and cultural fields.
