Abstract

Since the financial crisis of 2008, about 6.5 million undocumented foreigners have been revealed its view of the illegal workers in the difficulties in hiring labor. This indicates that the global labor market is in a state of labor shortage.

We Care About Your Privacy

We and our **913** partners store and access personal data, like browsing data or unique identifiers, on your device. Selecting Accept Non-Essential Cookies enables tracking technologies to support the purposes shown under we and our partners process data to provide. Selecting Reject Non-Essential Cookies or withdrawing your consent will disable them. If trackers are disabled, some content and ads you see may not be as relevant to you. You can resurface this menu to change your choices or withdraw consent at any time by clicking the Manage Cookies link on the bottom of the webpage [or the floating icon on the bottom-left of the webpage, if applicable]. Your choices will have effect within our Website. For more details, refer to our Privacy Policy. [Privacy Policy](#) [Cookie Policy](#)

We and our partners process data to provide:

Use precise geolocation data. Actively scan device characteristics for identification. Store and/or access information on a device. Personalised advertising and content, advertising and content measurement, audience research and services development.
