We value your privacy

We and our [partners](#) store and/or access information on a device, such as cookies and process personal data, such as unique identifiers and standard information sent by a device for personalised advertising and content, advertising and content measurement, audience research and services development. With your permission we and our partners may use precise geolocation data and identification through device scanning. You may click to consent to our and our 1468 partners' processing as described above. Alternatively you may click to refuse to consent or access more detailed information and change your preferences before consenting. Please note that some processing of your personal data may not require your consent, but you have a right to object to such processing. Your preferences will apply to this website only. You can change your preferences or withdraw your consent at any time by returning to this site and clicking the "Privacy" button at the bottom of the webpage.

Biographies

Robert W. Wassmer is a full professor in the Department of Public Policy and Administration (PPA) at California State University, Sacramento. He also directs the PPA Department’s Master of Science in Urban Land Development (MSULD) Program. His research interests include the efficacy of state and local public policies intended to increase housing affordability, reduce urban sprawl, promote local economic development, and improve public education outcomes.
