Labor Union Resistance to Economic Liberalization in India: What Can National and State Level Patterns of Protests against Privatization Tell Us? ≒

Katrin Uba

Asian Survey (2008) 48 (5): 860-884.

https://doi.org/10.1525/AS.2008.48.5.860

Abstract

This article examines mobilization of the Indian labor movement by using a unique data set on protests against privatization in India during 1991 to 2003. The results demonstrate an intensified labor struggle against economic reforms and significant inter-state variation. The latter is only partially explained by the trade unions' political party affiliation.

Keywords: India, privatization, trade unions, social movements, protest
