## PLATFORM UPDATE:

**We are excited to let you know that our journals content will be migrating to the Silverchair platform, with a planned launch in summer 2026.**

All of our content will still be hosted at pubs.rsc.org and the new platform will provide a more intuitive reading and navigation experience, along with improved discovery and indexing of your work.

[Details on the move can be found in our partnership announcement.](#)

Issue 15, 2009

### Your privacy is important to us

This website uses cookies and similar technologies to store and retrieve information about your use of this website. Some cookies are necessary for our website to work properly and others are optional. This information helps us to provide, analyse and improve our services, which may include personalised content or advertising. We may share this information with Google and other third parties.

We and our **1010** partners store and access personal data, like browsing data or unique identifiers, on your device. Selecting "I Accept" enables tracking technologies to support the purposes shown under "we and our partners process data to provide," whereas selecting "Reject All" or withdrawing your consent will disable them. If trackers are disabled, some content and ads you see may not be as relevant to you. You can resurface this menu to change your choices or withdraw consent at any time by clicking the Manage Preferences link on the bottom of the webpage [or the floating icon on the bottom-left of the webpage, if applicable]. Your choices will have effect within our Website. For more details, refer to our Privacy Policy. [View Privacy Policy](#)

#### IAB vendors can:

Actively scan device characteristics for identification. Use precise geolocation data. Store and/or access information on a device. Use limited data to select advertising. Create profiles for personalised advertising. Use profiles to select personalised advertising. Create profiles to personalise content. Use profiles to select personalised content. Measure advertising performance. Measure content performance. Understand audiences through statistics or combinations of data from different sources. Develop and improve services. Use limited data to select content.
