DNS resolution error

What happened?

You've requested a page on a website (repository.hkbu.edu.hk) that is on the Cloudflare network. Cloudflare is currently unable to resolve your requested domain (repository.hkbu.edu.hk). There are two potential causes of this:

- **Most likely:** if the owner just signed up for Cloudflare it can take a few minutes for the website's information to be distributed to our global network.
- **Less likely:** something is wrong with this site's configuration. Usually this happens when accounts have been signed up with a partner organization (e.g., a hosting provider) and the provider's DNS fails.

Please see https://developers.cloudflare.com/support/troubleshooting/http-status-codes/cloudflare-1xxx-errors/error-1001/ for more details.
