Abstract

Two British economic geographers present a critical assessment of the development of the Novgorod region in the 1990s. The authors argue that the region's economic crisis of the 1990s was a result of regional economic integration. The authors argue that the region's economic crisis of the 1990s was a result of regional economic integration. The authors argue that the region's economic crisis of the 1990s was a result of regional economic integration.

We Care About Your Privacy

We and our 842 partners store and/or access information on a device, such as unique IDs in cookies to process personal data. You may accept or manage your choices by clicking below, including your right to object where legitimate interest is used, or at any time in the privacy policy page. These choices will be signaled to our partners and will not affect browsing data. [Privacy Policy](#)

We and our partners process data to provide:

Use precise geolocation data. Actively scan device characteristics for identification. Store and/or access information on a device. Personalised advertising and content, advertising and content measurement, audience research and services development.
