TEXTBOOK

THE 19TH-CENTURY BRITISH NOVEL

Edited by Daniel Dougherty

An impressionist painting of a harbor scene. A large, dark, rounded object, possibly a ship's hull or a rock, is in the foreground. In the background, a large sailing ship with white sails is visible, along with several smaller boats. The painting has a soft, hazy quality with visible brushstrokes.

SMART COMPUTING APPLICATIONS

The background of the cover is a vibrant, abstract digital scene. It features a grid of glowing blue and orange lines that intersect at various points, creating a sense of depth and connectivity. Overlaid on this are numerous binary digits (0s and 1s) in various colors (blue, orange, red, green) and sizes, some appearing to float in the air. On the right side, there are snippets of code in a light blue font, including lines like 'mirror_mod.use', 'operation', 'bpy.context.scene', and 'print("Selected")'. The overall color palette is dominated by deep blues, oranges, and reds, giving it a high-tech, futuristic feel.
