**Title:**

A note on the economics of philanthropy

Authors:

Monnet, Nathalie

Panizza, Ugo

Year of Publication:

2017

Series/Report no.:

Graduate Institute of International and Development Studies Working Paper No. HEIDWP19-2017

Publisher:

Graduate Institute of International and Development Studies, Geneva

Abstract:

This note starts with a short review of the economic literature on philanthropy. Next, it provides some estimates of philanthropic giving in advanced and middle-income economies and discusses how innovative financial instruments can leverage charitable giving. The note concludes with a discussion of the controversial aspects of philanthropic activities.

Subjects:

Philanthropy

Taxation

Redistribution

Social welfare
