

Empirical investigation into the tax court assessment of the economic interest concept in natural resource taxation

THESIS/DISSERTATION · Tue Dec 31 23:00:00 EST 1985

OSTI ID: 5168996

Fenton, Jr, E D

Within the natural resource taxation area, the concept of economic interest evolved as a crucial issue. The concept controls the allowance of the depletion deduction and, in some instances the availability for capital gain treatment. Economic interest, however, has become a very confusing issue over the years and is difficult to apply in many circumstances. T [Expand >](#)
