Propose a Special Issue

SciencePG welcomes all proposals corresponding to the aims and scope of this journal. The objectives of the special issues are to bring together research of high quality, promote key advances in theory and applications, and provide overviews of emerging domains.

Note: You can serve as the lead guest editor only after your Proposal Form has been approved.

If you are ready to propose a special issue, please download the special issue proposal form and complete the required information. you can submit the completed proposal form directly via email to [✉ specialissue@sciencepg.com](mailto:specialissue@sciencepg.com)

Organize an Event

AcademicEvents (<https://www.academicevents.org>) is a platform to promote academic events initiated by SciencePG. AcademicEvents aims to provide a conducive environment for academic exchange, promote discussion of hot topics, and encourage more cooperation and exchange among participants.

Events

[Organize a Webinar](#) →
- Workshops**
[Organize a Workshop](#) →

The first step to launching an event on AcademicEvents is to submit an event proposal. To do this, simply download the proposal form and fill in the details of your event as requested. Once you have emailed us your proposal, our staff will review your conference details and contact you as soon as possible.

If you are interested in organizing a conference, please download the proposal form and submit via email to service@academicevents.org

About SciencePG

SciencePG was founded in 2012 in New York, United States, with the primary objective of promoting open scientific exchange across all disciplines.

SciencePG is a publisher of scholarly open access journals, upholding a peer-reviewed, rapid, and rigorous manuscript handling and editorial process.

As one of the advocates of open access, we strongly believe in the power of knowledge dissemination. We provide comprehensive resources and guidelines to facilitate a smooth and successful publication journey. From manuscript submission to post-acceptance processes, our dedicated team is here to guide you through every stage.

By choosing SciencePG, your research gains broader visibility and impact, reaching a global audience of scholars and professionals.

300 + Open Access Journals	20,000 + Editorial Board Members and Reviewers	11,000 + Served Universities and Institutions	600,000 + Registered Scholars
