We are very grateful to the anonymous referee and the associate editor for a number of valuable comments and suggestions that has lead to a significantly improved manuscript.

The work of the first, third and fourth author was partially supported by the European Union in the FP7-PEOPLE-2012-ITN Program under Grant Agreement Number 304617 (FP7 Marie Curie Action, Project Multi-ITN STRIKE – Novel Methods in Computational Finance). Further the authors acknowledge partial support from the bilateral German-Spanish Project (HiPeCa – High Performance Calibration and Computation in Finance), Programme Acciones Conjuntas Hispano-Alemanas financed by DAAD.

No potential conflict of interest was reported by the authors.
