Original Articles

A simulated annealing algorithm to the multi-period fixed charge distribution problem associated with backorder and inventory

N. Jawahar , Angappa Gunasekaran & N. Balaji

Pages 2533-2554 | Received 01 Apr 2011, Published online: 15 Sep 2011

We Care About Your Privacy

We and our 911 partners store and access personal data, like browsing data or unique identifiers, on your device. Selecting I Accept enables tracking technologies to support the purposes shown under we and our partners process data to provide. Selecting Reject All or withdrawing your consent will disable them. If trackers are disabled, some content and ads you see may not be as relevant to you. You can resurface this menu to change your choices or withdraw consent at any time by clicking the Show Purposes link on the bottom of the webpage. Your choices will have effect within our Website. For more details, refer to our Privacy Policy. [Here](#)

Keywords:

- transportation
- logistics
- multi-period fixed charge distribution problem
- heuristics
- simulated annealing

Acknowledgements

The authors gratefully acknowledge the valuable comments and remarks of two anonymous referees. They thank the management of the Thiagarajar College of Engineering and the Sri Krishna College of Engineering for the co-operation and encouragement extended with all facilities to complete this work. They also thank the English professors for their valuable guidance to improve the writing style and the grammar.
