We Care About Your Privacy

We and our 855 partners store and access personal data, like browsing data or unique identifiers, on your device. Selecting "I Accept" enables tracking technologies to support the purposes shown under "we and our partners process data to provide," whereas selecting "Reject All" or withdrawing your consent will disable them. If trackers are disabled, some content and ads you see may not be as relevant to you. You can resurface this menu to change your choices or withdraw consent at any time by clicking the ["privacy preferences"] link on the bottom of the webpage [or the floating icon on the bottom-left of the webpage, if applicable]. Your choices will have effect within our Website. For more details, refer to our Privacy Policy. [Here](#)

Tarcisio Abreu Saurin

Tarcisio A. Saurin is an Associate Professor at the Industrial Engineering Department of the Universidade Federal do Rio Grande do Sul (Brazil). He has a BS in Civil Engineering, MS in Construction Management, and PhD in Industrial Engineering. He was a visiting scholar at the University of Salford (UK) and at Macquarie University, at the Australian Institute of Health Innovation. His main research interests are related to the modelling and management of complex socio-technical systems, resilience engineering, safety management, lean production, process improvement, and performance measurement. He has carried out research and consulting projects on these topics in healthcare, construction, electricity distribution, and manufacturing.
