We Care About Your Privacy

We and our 854 partners store and access personal data, like browsing data or unique identifiers, on your device. Selecting "I Accept" enables tracking technologies to support the purposes shown under "we and our partners process data to provide," whereas selecting "Reject All" or withdrawing your consent will disable them. If trackers are disabled, some content and ads you see may not be as relevant to you. You can resurface this menu to change your choices or withdraw consent at any time by clicking the ["privacy preferences"] link on the bottom of the webpage [or the floating icon on the bottom-left of the webpage, if applicable]. Your choices will have effect within our Website. For more details, refer to our Privacy Policy. [Here](#)

The authors wish to thank an anonymous reviewer for many helpful comments and suggestions. All remaining errors are the authors' own responsibility.

Notes

For example, the standard deviations of output growth are 22.06% in Saudi Arabia and 19.66% in Egypt.

'Granger' is attached to 'cause' since controversy still surrounds the Granger concept of causality which may differ from 'causality' in the strict philosophical sense.

Additional EC lags are excluded since they are already reflected in the distributed lags of the other explanatory variables. See Miller ([1991](#)).
