Abstract

This study

by BEL-20

consolid

in sev

and

survey s

conversi

strategy

the leve

and the

difference

having a

ards (IFRS)

FRS in the

Belgium, as

accounting

s based on a

RS

and finance

as well as

ity of IFRS,

Principal

ples (GAAP),

having a major impact on the conversion to IFRS, are identified. This study should be

important not only to the European Union (EU) countries but to countries which will join the EU in the future, and to other countries worldwide that are adopting IFRS.

Acknowledgement

This work is part of a research project on Convergence of National Accounting Practices with International Financial Reporting Standards in the European Union conducted with the support of the European Institute of Advanced Studies in Management (EIASM) in Brussels, Belgium.
