We Care About Your Privacy

We and our 854 partners store and access personal data, like browsing data or unique identifiers, on your device. Selecting "I Accept" enables tracking technologies to support the purposes shown under "we and our partners process data to provide," whereas selecting "Reject All" or withdrawing your consent will disable them. If trackers are disabled, some content and ads you see may not be as relevant to you. You can resurface this menu to change your choices or withdraw consent at any time by clicking the ["privacy preferences"] link on the bottom of the webpage [or the floating icon on the bottom-left of the webpage, if applicable]. Your choices will have effect within our Website. For more details, refer to our Privacy Policy. [Here](#)

Acknowledgements

This paper was written with the financial support of the MATISSE (Methods and Tools for Integrated Sustainability Assessment) project, financed under the European Commission's Sixth Framework Programme. Duncan Russel was generously funded by the UK Economic & Social Research Council ESRC (PTA-026-27-1094). The authors gratefully acknowledge the contribution of colleagues within the MATISSE consortium, especially Paul Weaver. They would also like to thank Anneke von Raggamby and Ingmar von Homeyer of Ecologic for their work on five of the EU cases as part of the European Commission's 'Sustainability ATest' project.
