We Care About Your Privacy

We and our 899 partners store and access personal data, like browsing data or unique identifiers, on your device. Selecting "I Accept" enables tracking technologies to support the purposes shown under "we and our partners process data to provide," whereas selecting "Reject All" or withdrawing your consent will disable them. If trackers are disabled, some content and ads you see may not be as relevant to you. You can resurface this menu to change your choices or withdraw consent at any time by clicking the ["privacy preferences"] link on the bottom of the webpage [or the floating icon on the bottom-left of the webpage, if applicable]. Your choices will have effect within our Website. For more details, refer to our Privacy Policy. [Here](#)

Show Purpose

The authors would like to thank professor Lois Labrianidis and an anonymous referee of this journal for useful comments. The research on which this paper is based forms part of the AsPIRE (Aspatial Peripherality Innovation and the Rural Economy) project, which is funded by the EU Fifth Framework (LIFE) Programme (Contract No QLK5-2000-00783). The research partnership comprises the Scottish Agricultural College, TEAGASC (Dublin), National University of Ireland, Galway, University of Valencia, University of Patras, University of Dortmund, and the University of Helsinki.
