## We Care About Your Privacy

We and our 845 partners store and/or access information on a device, such as unique IDs in cookies to process personal data. You may accept or manage your choices by clicking below, including your right to object where legitimate interest is used, or at any time in the privacy policy page. These choices will be signaled to our partners and will not affect browsing data. <a href="Privacy Policy">Privacy Policy</a>

We and our partners process data to provide:

Use precise geolocation data. Actively scan device characteristics for identification. Store and/or access information on a device. Personalised advertising and content, advertising and content measurement, audience research and services development.

List of Partners (vendors)

Acknow

The authors would like to thank professor Lois Labrianidis and an anonymous referee of this journal for useful comments. The research on which this paper is based forms part of the AsPIRE (Aspatial Peripherality Innovation and the Rural Economy) project, which is funded by the EU Fifth Framework (LIFE) Programme (Contract No QLK5-2000-00783). The research partnership comprises the Scottish Agricultural College, TEAGASC (Dublin), National University of Ireland, Galway, University of Valencia, University of Patras, University of Dortmund, and the University of Helsinki.
