## Notes

1. Worldwide sales numbers tenfold between 2004 and 2017 (Statista, [2019](#)).
2. Distinctions between a fair treatment of producers and certification of products are prevalent, in general. In the following, the article refers to fair trade (two words), whenever it deals with the general component and fairtrade (one word) in the case of certification.
3. Comparable accounts for supporting livestock health (Perry & Sones, [2007](#)).
