ABSTRACT

Regarding

has large

were the

Commis

econom

entrepreneurship by the Commission within an analysis of policy change in economic

e literature

member states

y the

European

n policy

governance. It argues that the coupling of a high problem load with a high level of systemic ambiguity opens a window of opportunity for bottom-up entrepreneurship of the Directorate General for Economic and Financial Affairs which is snuffed out by the political College and the member states when the problem load and the systemic ambiguity are low.

KEY WORDS:

- Bottom-up entrepreneurship
- European Commission
- multiple streams framework
- bottom-upStability and Growth Pact
- windows of opportunity
