We Care About Your Privacy

We and our 899 partners store and access personal data, like browsing data or unique identifiers, on your device. Selecting "I Accept" enables tracking technologies to support the purposes shown under "we and our partners process data to provide," whereas selecting "Reject All" or withdrawing your consent will disable them. If trackers are disabled, some content and ads you see may not be as relevant to you. You can resurface this menu to change your choices or withdraw consent at any time by clicking the ["privacy preferences"] link on the bottom of the webpage [or the floating icon on the bottom-left of the webpage, if applicable]. Your choices will have effect within our Website. For more details, refer to our Privacy Policy. [Here](#)

Notes

1. Alan Milburn MP, July 1997.
2. In March 2001, Partnerships UK became a PPP with 51per cent stake sold to the private sector.
3. The first ‘round’ of PFI funding, which NCC terms PFI1.
4. The second ‘round’ of PFI funding.
5. At this point, the irony of the ‘sufficiency’ criterion was far from apparent.
6. We make no comment on the financial viability of the PFI compared with the ‘traditional’ route of NCC borrowing money from the Public Works Loan Commissioners or as credit approvals under the 2003 Local Government Act.
7. The decision could have been reversed as from 2006 under the School Standards and Framework Act, 1998, schedule 6§5.1–8.
8. As of March 2008.
9. Although in this paragraph we retain Kwa's [\(2002\)](#) terminology of ‘looking down’ and ‘looking up’ we are in favour of an assessment of the evidence in favour of the latter approach. See [\(2007\)](#); Marston (2007).
10. We do not take a position on a subject-position, but in accordance of a subject-position.
11. A. Grigors, Beval.
12. One.
13. Suffi. The income (£680) of the family income was £370 and £36

14. See Browning and Kilmister [\(2006\)](#) for explanations of classical, critical and post-critical political economy, while Castree [\(2008\)](#) examines the broadness of institutional political economy.
15. We do accept that several authors (such as Ian Buchanan, [2008](#); Michael Hardt and Antonio Negri, [2000](#); and Eugene Holland, [1999](#), [2006](#)) recognise an articulation of aspects of Deleuze's thinking with, and going beyond, political economy, especially in Anti-Oedipus (Deleuze and Guattari, [1972/1984](#)).
