rights situation, but they do not translate this into a widely shared commitment to civil liberties. Judging from regime features and popular opinion in Russia, the poor record of international democracy assistance in Russia may not come as a surprise. Compared with ‘traditional’ democracy assistance, rule of law support corresponds more closely with the (limited) capabilities of external actors, with the priorities of the Russian citizens as well as with the self-declared ambitions and international commitments of the Russian leadership.

Keywords:

- Russian Federation
- democracy
- authoritarianism
- public opinion
- international democracy assistance
