## Abstract

By the turn of the 21st century, the world's wealth has moved beyond the industrialized nations and is now being accumulated in the hands of a few individuals and institutions. Mubadala Investment Company, the largest sovereign wealth fund in the world, is a prime example of this trend. In 2002, the company was established as a "sovereign wealth fund" by the government of Abu Dhabi. Mubadala is widely believed to be the largest sovereign wealth fund in the world, with assets of over \$100 billion. The company's investment strategy is focused on long-term growth and value creation.
