## We Care About Your Privacy

We and our 861 partners store and access personal data, like browsing data or unique identifiers, on your device. Selecting "I Accept" enables tracking technologies to support the purposes shown under "we and our partners process data to provide," whereas selecting "Reject All" or withdrawing your consent will disable them. If trackers are disabled, some content and ads you see may not be as relevant to you. You can resurface this menu to change your choices or withdraw consent at any time by clicking the ["privacy preferences"] link on the bottom of the webpage [or the floating icon on the bottom-left of the webpage, if applicable]. Your choices will have effect within our Website. For more details, refer to our Privacy Policy. [Here](#)

## Acknowledgements

Sophie Sommer's investigation of wallpaper patterns in bead crochet as part of her science fair project 'Mathematical Explorations in Bead Crochet' was the initial inspiration for our work. She was also kind enough to allow us to interrupt her crocheting of the bracelet in [Figure 1](#) to photograph the process for this article. Robert Fathauer's suggestions for how to construct a regular tiling on a vertical bead crochet chart got us past an early stumbling block. Kira Isaacs and Kate Magauran were patient and accurate bead-stringers extraordinaire. Judith Bertoglio-Giffin's pattern books provided a helpful spring board for thinking about bead crochet pattern design, and Amy Nastasi started everything by generously passing on her bead crochet craft expertise.
