a prototype model for a dry run to examine the operation. There was no legal document but a set of decisions and circulars. The pilot aquaculture insurance program had only one product for the use of clients. There was an absence of a monitoring and evaluation system in place. Underwriters had no data and guide to properly evaluate claims. The heavily subsidized program encouraged price distortion, adverse selection and moral hazard.

Keywords: Assessment, aquaculture, pilot, insurance, program, Vietnam

## Acknowledgments

The authors would like to thank ClimeFish and NORHED projects for their assistance in preparing this paper.
