## Acknowledgements

This paper was derived from the doctoral research of Kerri L. Cahill at Virginia Tech. Scholarly review and assistance in conducting the study and preparing this manuscript was received by the student's doctoral committee that included Jeff Marion, Joe Roggenbuck, John Randolph, Mike Mortimer and Steve McMullin. Technical support on the statistical modelling was provided by Don Anderson from StatDesign Consulting and Ed Boone at Virginia Tech. Funding support was received from the National Park Service, Acadia National Park.

## Notes

- \* Portrayed in the survey with these narrative statements, as well as photos.
- \* Coefficients for the excluded level of the attribute were not estimated by the statistical model. Coefficients on the other levels of the attribute are relative to the excluded level.
