Abstract

The Financial Accounting Standards Board has issued a new standard changing the accounting treatment for employee stock options. For some firms, the new method may have significant implications for the recognition of an important determinant of firm value. The new standard may result in a significant change in the accounting treatment of employee stock options, which may result in a significant change in the accounting treatment of employee stock options.

We Care About Your Privacy

We and our 848 partners store and/or access information on a device, such as unique IDs in cookies to process personal data. You may accept or manage your choices by clicking below, including your right to object where legitimate interest is used, or at any time in the privacy policy page. These choices will be signaled to our partners and will not affect browsing data. [Privacy Policy](#)

We and our partners process data to provide:

Use precise geolocation data. Actively scan device characteristics for identification. Store and/or access information on a device. Personalised advertising and content, advertising and content measurement, audience research and services development.
