Abstract

Jacqueline Best (2005) The Limits of Transparency: Ambiguity and the History of International Finance, Ithaca, NY: Cornell University Press.

Pepper D. Culpepper (2003) Creating Cooperation: How States Develop Human Capital in Europe, Ithaca, NY: Cornell University Press.

Notes

1. This three-fold division follows conversations with Mark Blyth about prediction and uncertainty in political science (see Blyth, 2006). Any errors, of course, are mine and mine alone. My thanks go to Mark Blyth, André Broome, Alex Cooley, Ole Jacob Sending, Shogo Suzuki, and Josh Whitford for their comments on and/or conversations about earlier drafts.
